

 <p>13cm</p> <p>5.0 MHz G:II</p> <p>This ultrasound image shows a longitudinal view of a fetal spine. The vertebrae are visible as a series of echogenic, curved lines. A vertical scale bar on the right indicates a depth of 13cm. Technical parameters include 5.0 MHz and G:II. A small white dot is present in the upper right corner of the image area.</p>	17 Tage
